NTU Stands with School District, Board of Education; Calls for
Hohensee's Resignation

NASHUA, NH May 10, 2019 – Nashua Teachers' Union President Adam Marcoux and the Executive Board stand in solidarity with the Nashua School District and the Board of Education on their call for the resignation of Board member Doris Hohensee.

As educators, we have a responsibility to educate our students on all points of an issue, teach them to debate the issue fairly, and respect all points of view. The student in this case wrote a very well-written argument from her perspective to enter the debate. We commend this student for bringing forward her point-of-view in an articulate manner, and entering the debate in a professional manner.
