Director Cummings,

Laura Colquhoun and I are requesting a meeting with you to discuss the Mohawk Tannery Project that was recently presented to the Board of Alderman. Laura wrote a well researched letter to the Board of Alderman and you but received no response. I have several questions about the project that I would also like to discuss.

Please let us know if a meeting could be scheduled. Thirty minutes would go a long way in understanding the project and what was presented to the Board. Perhaps if you are not available, Director Sullivan or one of the City Staff people involved with the details of the project could meet with us. It certainly does not have to be you.

Thank you for your consideration in this matter.

Sincerely,
Laurie Ortolano
