STATE OF NEW HAMPSHIRE

In the Year of Our Lord Two Thousand Twenty Three

AN ACT relative to the legalization and regulation of cannabis and making appropriations therefor.

Be it Enacted by the Senate and House of Representatives in General Court convened:

1 1 Purpose and Findings. The general court hereby finds that:

2 I. In the interest of allowing law enforcement to focus on violent and property crimes,
3 generating revenue for education, prevention, treatment, and recovery related to the use of both
4 legal and illegal drugs and for other public purposes, and advancing individual freedom, the people
5 of the state of New Hampshire find and declare that the use of cannabis by a person 21 years of age
6 or older should be legal and subject to reasonable regulation and taxation.

7 II. In the interest of the health and public safety of our citizenry, the people of the state of
8 New Hampshire further find and declare that cannabis should be regulated in a manner similar to
9 alcohol so that:

10 (a) Individuals will have to show proof of age before purchasing cannabis.

11 (b) Selling, distributing, or transferring cannabis to minors and other individuals under
12 the age of 21 shall remain illegal.

13 (c) Driving under the influence of cannabis shall remain illegal.

14 (d) Moving cannabis production and sales from the underground, sometimes dangerous,
15 illicit market to legal, taxpaying businesses allows for appropriate regulations and control.

16 (e) Cannabis sold in this state will be tested, labeled, and subject to additional
17 regulations to ensure that consumers are informed and protected and to protect the environment.

18 (f) Some of the tax revenue generated from legal cannabis sales will be used to support
19 programs for education, prevention, treatment, and recovery related to the use of both legal and
20 illegal drugs.

36 318-F:8 Dual Use Certificates.

1 I. No later than 18 months after the effective date of this chapter, the commission, after
2 consulting with the department of health and human services and the therapeutic cannabis medical
3 oversight board and holding at least one public hearing, shall develop regulations allowing
4 alternative treatment centers registered to operate pursuant to RSA 126-X to apply for a dual use
5 certificate.

6 II. A separate dual use certificate is required for each alternative treatment center
7 dispensing location.

8 III. The commission shall grant or deny any application for a dual use certificate within 90
9 days.

10 IV. The regulations for a dual use certificate shall include, but are not limited to:

11 (a) Providing for separation of cannabis sales to qualifying patients and consumers, such
12 as by requiring separate counters;

13 (b) Requiring dual-use cannabis establishments to prioritize therapeutic cannabis
14 access;

15 (c) Requiring dual-use cannabis establishments to maintain or increase the diversity of
16 therapeutic cannabis products available for qualifying patients;

17 (d) Requiring dual-use cannabis establishments to avoid raising prices for qualifying
18 patients beyond the rate of inflation, for at least 2 years after dual use licensure;

19 (e) A requirement that in the event of crowding, inadequate parking, or similar issues
20 limiting therapeutic cannabis access, the dual-use cannabis establishment shall take measures to
21 prioritize therapeutic cannabis access, such as setting aside certain business hours when the
22 establishment will only serve qualifying patients and their designated caregivers; and

23 (f) Providing for the suspension of sales of cannabis to adult-use consumers in the event
24 of a product shortage.

25 V.(a) Cannabis sold by alternative treatment centers holding dual use certificates to

32 certificates may sell cannabis grown and processed by those alternative treatment centers to
33 consumers provided they comply with rules issued pursuant to this section and RSA 318-F:10

34 318-F:9 Transition of Therapeutic Cannabis Program.

36 with the department of health and human services, shall make a recommendation to the health and

1 human services oversight committee whether to transfer the department's therapeutic cannabis
2 program to the commission.

3 II. The proposal shall include a plan to allow cannabis retail stores to obtain a therapeutic
4 cannabis endorsement that would allow them to serve qualifying patients without imposing the
5 excise tax in RSA 318-F:23.

6 318-F:10 Licensure Procedures for Cannabis Establishments.

7 I. Each application for a license to operate a cannabis establishment shall be submitted to
8 the commission.

9 II. Each application shall include both the fee established by the commission and a \$500 fee
10 for the municipality to review the application, except that the municipal fee shall be \$75 in the case
11 of the smallest tier of cultivation facilities.

12 III. The commission shall:

13 (a) Immediately forward a copy of each application and the municipal fee to the
14 municipality in which the applicant desires to operate the cannabis establishment; and

15 (b) Issue a license to the applicant within 90 days after receipt of an application unless:

16 (1) The commission finds the applicant is not in compliance with the requirements of
17 this chapter or rules adopted under this chapter;

18 (2) The commission is notified by the relevant municipality that the applicant is not
19 in compliance with an ordinance adopted pursuant to this chapter and in effect at the time of
20 application; or

21 (3) More qualified applicants have applied than the number of licenses available in
22 the municipality, and the applicant was not selected.

23 (c) Accept and process applications on an ongoing basis.

24 318-F:11 Enactment of Municipal Ordinances.

25 I. A municipality may enact an ordinance prohibiting or limiting the number and type of
26 cannabis establishments that may be permitted within the municipality and regulating the time,
27 place, and manner of operation of a cannabis establishment, which is permitted within the
28 municipality. A locality's prohibition on cannabis establishments may not prohibit transportation
29 through the locality or deliveries within the locality by cannabis establishments located in other
30 jurisdictions.

31 II. A municipality may enact an ordinance specifying the entity within the municipality that
32 shall be responsible for reviewing applications submitted for a license to operate a cannabis
33 establishment within the municipality. The entity designated by the municipality shall be
34 responsible for indicating whether the application is in compliance with municipal ordinances.

35 III. A municipality may not negotiate or enter into an agreement with a cannabis
36 establishment or a cannabis establishment applicant requiring that the cannabis establishment or

1 applicant provide money, donations, in-kind contributions, services, or anything of value to the
2 locality.

3 318-F:12 Residency Required.

4 I. Except as provided in this section, any person applying for a cannabis establishment
5 license shall be a resident, or shall have at least one director, officer, or partner who is a New
6 Hampshire resident.

7 II. This section shall not apply to an applicant for a testing facility registration.

8 318-F:13 Restrictions on Location Near Schools. No cannabis establishment shall operate, nor
9 shall a prospective cannabis establishment apply for a license, if the establishment would be located
10 within 1,000 feet of the property line of a pre-existing public or private pre-school, elementary, or
11 secondary school.

12 318-F:14 Informational Materials and Warning Labels.

13 I. The commission, in consultation with the department, shall design at least 2 versions of
14 informational handout, one of which is specific to high potency products.

15 II. A retail cannabis store shall include an informational handout designed by the
16 commission in consultation with the department with all cannabis and cannabis products sold to
17 consumers, and shall include the high potency version in all cannabis concentrates and other high
18 potency sales. The informational handouts shall include scientifically accurate information,
19 including:

20 (a) Advice about the potential risks of cannabis, and, in the case of the high potency
21 handout, risks specific to high potency products, including:

22 (1) The risks of driving under the influence of cannabis, and the fact that doing so is
23 illegal;

24 (2) Any adverse effects unique to adolescents or young adults, including effects
25 related to the developing mind;

26 (3) Potential adverse events and other risks, including related to mental health; and

27 (4) Risks of using cannabis during pregnancy or breastfeeding. This may be
28 identical to that required under RSA 126-X:8, XVI(c)(7).

29 (b) Information about methods for administering cannabis;

30 (c) How long cannabis may impair a person after it is ingested in each manner; and

31 (d) How to recognize problematic usage of cannabis and how to obtain appropriate
32 services or treatment;

33 (e) Information regarding safe storage and disposal of cannabis and paraphernalia to
34 prevent accidental poisonings, including the contact information for the Northern New England
35 Poison Control Center. This may be identical to that required under RSA 126-X:8, XVI(c)(8); and

36 (f) Unless federal statutory law or case law has changed and such a warning is no longer
37 accurate, a disclosure that:

1 (1) Cannabis is illegal under U.S. federal law, and

2 (2) Under the United States government's 1986 Gun Control Act, any 'unlawful' user
3 of a controlled substance is prohibited from purchasing or owning a gun.

4 III. The commission may require retail stores to display informational posters in
5 conspicuous locations about the risks of cannabis use, including regarding risks during pregnancy
6 and breastfeeding and risks of cannabis use in adolescents or by younger adults. The posters shall
7 be scientifically accurate.

8 IV. All cannabis and cannabis products sold by a retail cannabis store shall include warning
9 labels that provide the following information: "Warning: This product has intoxicating effects. For
10 use by adults 21 and older. Keep out of reach of children." The department may require a standard,
11 recognizable symbol on all cannabis packaging to signify that THC or other cannabinoids are
12 included in the product.

13 V. All cannabis products sold by retail cannabis stores shall include:

14 (a) A warning label that provides, "Caution: When eaten or swallowed, the intoxicating
15 effects of this product may be delayed by up to 2 hours," unless the commission determines that a
16 different time frame should be specified.

17 (b) A disclosure of ingredients and possible allergens.

18 (c) A nutritional fact panel.

19 (d) Opaque, child-resistant packaging, which shall be designed or constructed to be
20 significantly difficult for children under 5 years of age to open and not difficult for normal adults to
21 use properly as defined by 16 C.F.R. section 1700.20.

22 318-F:15 Lawful Operation of Cannabis-Related Facilities. If undertaken by a person 21 years
23 of age or older, the following acts shall not be illegal under New Hampshire law or be a basis for
24 seizure or forfeiture of assets under New Hampshire law:

25 I. Possessing, displaying, or transporting cannabis or cannabis products; obtaining or
26 purchasing cannabis from a cannabis cultivation facility; delivering or transferring cannabis to a
27 cannabis testing facility; obtaining or purchasing cannabis or cannabis products from a cannabis
28 product manufacturing facility; or sale, delivery, or distribution of cannabis or cannabis products to
29 an adult who is 21 years of age or older or to retail cannabis stores or alternative treatment centers,

32 owner, employee, or agent of a licensed retail cannabis store.

33 II. Cultivating, harvesting, processing, packaging, transporting, displaying, or possessing
34 cannabis; obtaining or purchasing cannabis seeds or seedlings or immature cannabis plants from any
35 adult 21 years of age or older; delivering or transferring cannabis to a cannabis testing facility;

3 paragraph has obtained a current, valid license to operate a cannabis cultivation facility or is acting
4 in his or her capacity as an owner, employee, or agent of a licensed cannabis cultivation facility.

5 III. Packaging, processing, transporting, manufacturing, displaying, or possessing cannabis
6 or cannabis products; delivering or transferring cannabis or cannabis products to a cannabis testing
7 facility; selling cannabis or cannabis products to a retail cannabis store, alternative treatment
8 center, or a cannabis product manufacturing facility; purchasing or obtaining cannabis from a
9 cannabis cultivation facility; or purchasing or obtaining cannabis or cannabis products from a
10 cannabis product manufacturing facility, if the person or business entity conducting the activities
11 described in this paragraph has obtained a current, valid license to operate a cannabis product
12 manufacturing facility or is acting in his or her capacity as an owner, employee, or agent of a
13 licensed cannabis product manufacturing facility.

14 IV. Possessing, obtaining, cultivating, processing, storing, transporting, receiving, or
15 displaying cannabis or cannabis products if the person or business entity has obtained a current,
16 valid license to operate a cannabis testing facility or is acting in his or her capacity as an owner,
17 employee, or agent of a licensed cannabis testing facility.

18 V. Engaging in any activities involving cannabis or cannabis products if the person or
19 business entity conducting the activities has obtained a current, valid license to operate a cannabis
20 establishment or is acting in his or her capacity as an owner, employee, or agent of a licensed
21 cannabis establishment, and the activities are within the scope of activities allowed by the
22 commission for that type of cannabis establishment.

23 VI. Possessing, obtaining, cultivating, processing, storing, transporting, or receiving
24 cannabis obtained from a cannabis establishment or transporting, delivering, or transferring
25 cannabis to a cannabis establishment if the person or business entity has obtained a current, valid
26 license to operate a cannabis transporter or is acting in his or her capacity as an owner, employee, or
27 agent of a registered cannabis transporter.

28 VII. Obtaining or purchasing cannabis from a cannabis cultivation facility; delivering or
29 transferring cannabis to a cannabis testing facility; or obtaining or purchasing cannabis or cannabis
30 products from a cannabis product manufacturing facility if the person or business entity conducting

33 alternative treatment center.

34 VIII. Leasing or otherwise allowing the use of property owned, occupied, or controlled by any
35 person, corporation, or other entity for any of the activities conducted lawfully in accordance with
36 this chapter.

1 IX. Selling, offering for sale, transferring, transporting, or delivering cannabis to
2 establishments licensed to process or sell cannabis under the laws of other states if the person or
3 business entity has obtained a current, valid license to operate a cannabis transporter, cannabis
4 product manufacturing facility, or cannabis cultivation facility or is acting in his or her capacity as
5 an owner, employee, or agent of a cannabis transporter, cannabis product manufacturing facility, or
6 cannabis cultivation facility.

7 318-F:16 Proof of Purchaser's Identity.

8 I. For the purposes of this chapter, any person or entity making the sale of cannabis or
9 cannabis accessories to any purchaser whose age is in question may accept any official
10 documentation listed in RSA 179:8 as proof that the purchaser is 21 years of age or older.

11 II. The establishment of all of the following facts by a retail cannabis store or an agent or
12 employee of a retail store making a sale of cannabis or cannabis accessories to a person under the
13 age of 21 shall constitute an affirmative defense to any prosecution for such sale:

14 (a) That the person presented what an ordinary and prudent person would believe to be
15 valid documentation of a type listed in RSA 179:8.

16 (b) That the sale was made in good faith relying upon such documentation and
17 appearance in the reasonable belief that the person was 21 years of age or older. No identification
18 scanning or collection of personally identifiable information shall be required under this section.

19 318-F:17 Driving; Minors; and Control of Property.

20 I. Nothing in this chapter shall be construed to permit driving or operating under the
21 influence of drugs or liquor pursuant to RSA 265-A, nor shall this section prevent the state from
22 enacting and imposing penalties for driving under the influence of or while impaired by cannabis.

23 II. Nothing in this chapter shall be construed to permit the transfer of cannabis, with or
24 without remuneration, to a person under the age of 21, or to allow a person under the age of 21 to
25 purchase, possess, use, transport, grow, or consume cannabis.

26 III. Nothing in this chapter shall prohibit a state or county correctional facility from
27 prohibiting the possession, consumption, use, display, transfer, distribution, sale, transportation, or
28 growing of cannabis on or in the correctional facility's property.

29 IV.(a) Except as provided in this section, this chapter does not require any person,
30 corporation, or any other entity that occupies, owns, or controls a property to allow the consumption,
31 cultivation, display, sale, or transfer of cannabis on or in that property.

32 (b) In the case of the rental of a residential dwelling, a landlord shall not prohibit the
33 possession of cannabis or the consumption of cannabis by non-smoked means unless:

34 (1) The tenant is a roomer who is not leasing the entire residential dwelling;

35 (2) The residence is incidental to the provision of educational, counseling, religious,
36 or similar service;

37 (3) The residence is a transitional housing facility; or

1 (4) Failing to prohibit cannabis possession or consumption would violate federal law
2 or regulations or cause the landlord to lose a monetary or licensing-related benefit under federal law
3 or regulations.

4 (c) This chapter shall not prevent a landlord from prohibiting cannabis smoking or
5 cannabis cultivation.

6 (d) An adult who is 21 or older may use cannabis on privately owned real property only
7 with permission of the property owner or, in the case of leased or rented property, with the
8 permission of the tenant in possession of the property, except that a tenant shall not allow a person
9 to smoke cannabis on rented property if smoking on the property violates the lease or the lessor's
10 rental policies that apply to all tenants at the property. However, a tenant may permit an adult who
11 is 21 or older to use cannabis on leased property by ingestion or inhalation through vaporization
12 even if smoking is prohibited by the lease or rental policies. For purposes of this chapter,
13 vaporization shall mean the inhalation of cannabis without the combustion of the cannabis.

14 318-F:18 Enforcement of Contracts. Contracts related to the operation of a cannabis
15 establishment licensed pursuant to this chapter shall be enforceable. No contract entered into by a
16 licensed cannabis establishment or its employees or agents as permitted pursuant to a valid license,
17 or by those who allow property to be used by an establishment, its employees, or its agents as
18 permitted pursuant to a valid license, shall be unenforceable on the basis that cultivating, obtaining,
19 manufacturing, distributing, dispensing, transporting, selling, possessing, or using cannabis is
20 prohibited by federal law.

21 318-F:19 Non-Discrimination for State-Legal Cannabis Activities and Prior Convictions.

22 I. Except as provided in this section, a holder of a professional or occupational license may
23 not be subject to professional discipline for:

24 (a) Providing advice or services related to cannabis establishments or applications to
25 operate cannabis establishments on the basis that cannabis is illegal under federal law; or

26 (b) Engaging in activities allowed by this chapter.

27 II. An applicant for a professional or occupational license may not be denied a license based
28 on:

29 (a) Previous employment related to cannabis establishments operating in accordance
30 with state law;

31 (b) A prior conviction for a non-violent cannabis offense that does not involve
32 distribution to minors, or

33 (c) Engaging in activities allowed by this chapter.

34 III. Except as provided in this section, neither the state nor any of its political subdivisions
35 may impose any penalty or deny any benefit or entitlement for conduct permitted under this chapter
36 or for the presence of cannabinoids or cannabinoid metabolites in the urine, blood, saliva, breath,
37 hair, or other tissue or fluid of a person who is 21 years of age or older.

1 IV. Except as provided in this section, neither the state nor any of its political subdivisions
2 may deny a driver's license, a professional license, housing assistance, social services, or other
3 benefits based on cannabis use or for the presence of cannabinoids or cannabinoid metabolites in the
4 urine, blood, saliva, breath, hair, or other tissue or fluid of a person who is 21 years of age or older.

5 V. A person shall not be denied custody of or visitation with a minor for acting in accordance
6 with this chapter, unless the person's behavior is such that it creates an unreasonable danger to the
7 minor that can be clearly articulated and substantiated.

8 VI. Except as provided in this section, neither the state nor any of its political subdivisions
9 may discriminate against a person in hiring, termination, or any term or condition of employment, or
10 otherwise penalize a person in employment or contracting, if the discrimination is based upon either
11 of the following:

12 (a) Engaging in activities allowed by this chapter;

13 (b) A prior conviction for a non-violent cannabis offense that does not involve
14 distribution to minors; or

15 (c) Testing positive for the presence of cannabinoids or cannabinoid metabolites in the
16 urine, blood, saliva, breath, hair, or other tissue or fluid of the individual's body.

17 VII.(a) This section does not prevent an employer from disciplining an employee or
18 contractor for ingesting cannabis in the workplace or for working while impaired by cannabis.

19 (b) The protections provided by this section do not apply to the extent that they conflict
20 with a governmental employer's obligations under federal law or regulations or to the extent that
21 they would disqualify the entity from a monetary or licensing-related benefit under federal law or
22 regulations.

23 (c) This section does not authorize any person to engage in, and does not prevent the
24 imposition of any civil, criminal, disciplinary, or other penalties, including discipline or termination
25 by a governmental employer, any task while under the influence of cannabis, when doing so would
26 constitute negligence or professional malpractice.

27 VIII. For the purposes of medical care, including organ and tissue transplants, the use of
28 cannabis does not constitute the use of an illicit substance or otherwise disqualify a person from
29 needed medical care and may only be considered with respect to evidence-based clinical criteria.

30 IX. Notwithstanding any other provision of law, unless there is a specific finding that the
31 individual's use, cultivation, or possession of cannabis could create a danger to the individual or
32 another person, it shall not be a violation of conditions of parole, probation, or pre-trial release to:

33 (a) Engage in conduct allowed by this chapter; or

34 (b) Test positive for cannabis, tetrahydrocannabinol, or any other cannabinoid or
35 metabolite of cannabis.

36 X. This section does not authorize any person to engage in, and does not prevent the
37 imposition of any penalties for engaging in, the following conduct:

1 (a) Undertaking any task under the influence of cannabis, when doing so would
2 constitute negligence or professional malpractice.

3 (b) Operating, navigating, or being in actual physical control of any motor vehicle,
4 aircraft, train, or motorboat while under the influence of cannabis.

5 318-F:20 Data Collection Related to Cannabis Legalization and Regulation.

6 I. No later than 6 months after the effective date of this chapter and every 2 years
7 thereafter, the department of safety, information and analysis center, drug monitoring initiative,
8 shall produce and publish a report that includes baseline data and the most current data regarding
9 health and welfare outcomes since cannabis became legal and regulated for adults' use, including but
10 not limited to high school graduation rates; youth and adult rates of alcohol, cannabis, and illegal
11 drug use; rates of maladaptive use of cannabis; rates of alcohol abuse; opiate use and abuse rates;
12 the number and type of youth and adult convictions for cannabis offenses; and the rates of
13 individuals needing but not receiving substance abuse treatment. The report shall also include
14 information on treatment and prevention services provided, education campaigns undertaken, and
15 funding allocated under RSA 318-F:21.

16 II. No later than 6 months after the effective date of this chapter, and again 18 months after
17 the effective date of this chapter, the Judicial Branch shall produce and publish a report that
18 includes the number of cases dismissed pursuant to RSA 651:5-e.

19 318-F:21 Cannabis Fund Established.

20 I. There is established a nonlapsing fund to be known as the cannabis fund. The fund shall
21 be kept distinct and separate from all other funds in the state treasury, and the moneys credited to
22 the fund shall be held distinct and separate from all other funds over which the state treasurer has
23 control. Moneys in the fund shall be deposited with any financial institution as defined in RSA 383-
24 A:2-201(a)(27-a), with a branch in the state. Moneys credited to the fund shall include deposits into
25 the fund by the commission pursuant to this chapter and deposits into the fund by the commissioner
26 of the department of revenue administration.

27 II. For the biennium ending June 30, 2025, and every biennium thereafter, the commission
28 shall include the cost of administration of this chapter in the commission's efficiency expenditure
29 request pursuant to RSA 9:4.

30 III. For the biennium ending June 30, 2025, the sum of \$15,000,000 is hereby appropriated
31 to the cannabis commission for the cost of administration of this chapter. Said sum shall be a charge
32 against the fund.

33 IV. For the biennium ending June 30, 2025, the sum of \$500,000 is hereby appropriated to
34 the substance use prevention and recovery fund established in RSA 318-F:22 for the cost of
35 developing and implementing a public education campaign prior to initiation of retail sales. Said
36 sum shall be a charge against the fund.

1 V. After deducting appropriations charged to the fund for the cost of administration of this
2 chapter, the remaining funds shall be appropriated and distributed on a quarterly basis as follows:

3 (a) The sum of \$100,000 annually to the department of safety, information and analysis
4 center, drug monitoring initiative, for data collection and reporting related to the health impacts of
5 cannabis prohibition and cannabis regulation; and

7 (1) Fifty percent of remaining funds shall be disbursed to the education trust fund
8 established in RSA 198:39. The comptroller shall notify the commissioner of the department of
9 revenue administration of the amount of the transfer. For the purpose of setting the education tax
10 rate under RSA 76:3, the amount of revenue required to be collected pursuant to RSA 76:3 shall be
11 reduced by the amount transferred to the education trust fund as required in this subparagraph, and
12 the commissioner shall set the rate at a level sufficient to generate the reduced amount. This rate
13 shall be effective for the following fiscal year.

14 (2) Thirty percent of remaining funds shall be disbursed to the department of
15 administrative services to be credited to the New Hampshire retirement system to offset the
16 retirement system's unfunded accrued liability. Upon certification by the commissioner of the
17 department of administrative services that the retirement system has no remaining unfunded
18 accrued liability, this disbursement of funds shall be credited to the education trust fund established
19 in RSA 198:39.

20 (3) Ten percent of remaining funds, or \$25,000,000, whichever is less, shall be
21 credited to the substance abuse prevention and recovery fund in RSA 318-F:22 for use by the
22 department of health and human services, bureau of drug and alcohol services, in evidence-based,
23 voluntary programs for substance use-related education, prevention, treatment, and recovery that
24 includes mental health treatment that is contributing to substance misuse, and for scientifically and
25 medically accurate public education campaigns educating youth and adults about the health and
26 safety risks of alcohol, tobacco, cannabis, and other substances, including education campaigns
27 separately targeting youth and adults that provide medically and scientifically accurate information
28 about the health and safety risks posed by cannabis use, including driving under the influence of
29 cannabis.

30 (4) Five percent of remaining funds shall be disbursed to public safety agencies,
31 including police, fire, and rescue agencies, for the hiring and training of additional drug recognition
32 experts, for advanced roadside impaired driving enforcement training, and to assist in responding to

9 I. An excise tax on the monthly total gross revenue derived from sales or transfers to a retail
10 cannabis store of either cannabis or cannabis products in their final form by either a licensed
11 cannabis cultivation facility or a cannabis product manufacturing facility is imposed at the rate of
12 12.5 percent.

13 II. Each licensed cannabis cultivation facility or cannabis product manufacturing facility
14 shall pay 100 percent of the assessment in paragraph I for the assessment period no later than the
15 15th day of the month following the assessment period.

16 III. If a licensed cannabis cultivation facility or cannabis product manufacturing facility does
17 not pay the monthly tax as required under this section, a fine of 10 percent of the tax owed shall be
18 applied to the payment and collected by the commission from the licensee.

19 IV. The commission shall ascertain the selling or transfer price of the cannabis or cannabis
20 products when the seller and purchaser are affiliated persons or entities and when the sale or
21 transfer of the cannabis or cannabis product is not an arm's length transaction.

22 V. The commission shall adopt rules under RSA 541-A relative to the tax rate and
23 procedures needed to implement the provisions of this section.

24 VI. The commission shall study the efficacy of the rate and scope of the cannabis tax
25 imposed by this section, including whether adjustments may be needed in said rate and scope, and
26 shall, no later than October 1, 2024, and on or before October 1 of every year thereafter, certify its
27 findings and recommendations in a report to the general court and the governor. The commission
28 shall include in said report the dollar amounts of all fees and tax revenues assessed and collected
29 pursuant to the provisions of this chapter during the period covered by the report. The commission

METHODOLOGY:

This bill establishes procedures for the legalization, regulation, and taxation of cannabis; the licensing and regulation of cannabis establishments; and makes appropriations therefor.

The New Hampshire Liquor Commission makes the following assumptions concerning the bill as amended by the House:

- The bill establishes regulation of the cultivation, wholesaling, distribution, and retail sale of cannabis products including the sale of so called “edibles”. The Liquor Commission would have prime responsibility for licensing and enforcement.

- The bill requires the Commission to license a variety of businesses operations, inspect crops and the cultivation of the products and the processing and delivery of the product to the wholesale and retail marketplace.
- No later than one year after the bill's effective date, the Commission would be required to initiate the rulemaking process for the licensing and regulation of cannabis cultivation facilities and for the issuance of dual use certificates. Not later than 15 months after the effective date, the Commission shall initiate rulemaking for the licensing and regulation of all other cannabis establishments and on the manufacture and sale of cannabis accessories. The Commission believes this time line is relatively short given the scope of the legislation is comprehensive.
- Much of the effort in FY 2024-2025 will be to hire a consultant, assign staff to projects necessary for implementation of the program and prepare for applications and licensure of cannabis establishments. The Commission does not believe the timeliness established in the bill are achievable. The Commission expects year one (FY 2024) of the bill will be occupied by the administrative rulemaking process, development of RFP's, evaluating inventory and tracking systems and determining how to integrate external systems with the Commission's existing point-of-sale systems.
- The bill does not appear to restrict how the Commission may expend the appropriations in fulfillment of the legislatively prescribed mission.

The Liquor Commission offers the following information regarding the fiscal impact of the bill:

- Expenses in FY 2024 will be centered around RFP development to hire a consultant and the 10% stipend for staff engaged in the development and all administrative aspects of the program.
- Because the sale of cannabis is not currently lawful in the State of New Hampshire the Commission has no data upon which to build revenue projections. The Commission is unable to predict revenues that would be generated from the licensure of various cannabis businesses, or the length of time needed to achieve any fiscal milestones.
- The bill proposes a tax of 15% of the gross revenue generated by each licensed cannabis cultivation facility.
- The Commission will need legislative authority to establish additional staff needed for program administration. The Commission anticipates additional personnel to be hired in support of the newly assigned responsibilities.

Administration and Finance.

- All transactions, purchases, legal and fiscal matters associated with the bill would be administered through the existing Division of Administration and Finance.
- The Commission would need to explore how licensed facilities would report and pay their licensing fees and taxes electronically and whether the NextGen system being

implemented by the Commission for alcohol matters could be adapted to include cannabis revenue.

- Personnel would be added to this division to separately track all fiscal matters associated with the cannabis program and prepare the reports required by the bill. The newly hired personnel in this division would be issued equipment and materials consistent with the mission outlined in the bill.

Enforcement, Licensing and Regulation.

- New Enforcement personnel will be part of the initial hires necessary to prepare for the licensure and oversight responsibilities assigned in the bill. The Commission will expand the division by adding 10 new positions; five will be sworn personnel, four will be examiners and one will be a cannabis educational specialist. New staff will require equipment and supplies consistent with their positions.
- The Commission will establish and implement a training program to prepare the division for the responsibilities outlined in the bill.
- The division will establish a methodology to monitor and interact with the 13 cities, 221 towns and 25 unincorporated places as they take up the issue of ordinances permitting or limiting cannabis establishments in their communities.

The Liquor Commission is unable to provide detailed information on the anticipated number of positions needed or anticipated expenditures to establish, operate and enforce the provisions of proposed RSA 318-F relative to the regulation of cannabis. This bill appropriates \$4,600,000 in FY 2024 for the cost of administration of RSA 318-F and \$2,000,000 in FY 2025 is deposited into the cannabis fund for the administration of RSA 318-F.

The Department of Corrections states the bill would have an indeterminable impact on the number of parole violations associated with the use of cannabis that may cause a decrease in violation rates. This bill would also have an impact on state expenditure as an indeterminable number of individuals that would have their sentences annulled for prior convictions.

The Department of Health and Human Services indicates this bill would have an indeterminable impact on state revenues and expenditures due to the potential variability of sales revenue and unknowns around potential increase in consumption, treatment utilization, prevention needs, and associated costs. The Department's Bureau of Drug and Alcohol Services states there is considerable uncertainty about the impact that legalizing cannabis in New Hampshire would have on public budgets. The uncertainty is due to unknowns around potential increases in consumption, treatment utilization, prevention needs, and all associated costs. The Department reports the science is currently unsettled on the causal effects of cannabis on psychoses,

schizophrenia, and drugged driving. The Department is unable to determine if these areas would be impacted and create additional costs. Evidence supporting the treatment needs for cannabis use disorder, however, is documented, and it is assumed that treatment costs would increase with cannabis legalization, although such costs are also indeterminable. The Department assumes the Cannabis Commission could receive revenue of up to \$700,000 in FY 2025 from the issuance of dual-use certificates to the seven currently registered alternative treatment center dispensary locations (\$10,000 application fee and \$90,000 certificate fee). Issuance of a dual-use certificate would allow taxable sales of cannabis to adult consumers by alternative treatment centers. The Department assumes it would need an additional Program Specialist IV position starting in FY 2026 at cost of approximately \$93,000 for salary and benefits. The position would be responsible for:

- Coordination and management of the new Substance Abuse Prevention and Recovery Fund.
- Planning the development and modification of programs, policies, and procedures.
- Managing and evaluating the work product of state and local programs providing services.

The Department of Safety states calculating the fiscal impact of this bill is impossible due to the fact it is impossible to predict possible criminal activities related to cannabis legalization in New Hampshire. The Department is provided a \$100,000 appropriation in FY 2025 for the purpose of collecting baseline data to be used in the reports required pursuant to RSA 318-F:20.

The New Hampshire Municipal Association indicates this bill would increase local expenditures and local revenue by indeterminable amounts. Based on review of limited research available relative to changes in policing related to cannabis legalization in any forms by other states, the Association identified the potential fiscal impacts listed below.

- Greater access to cannabis may increase youth access and driving while under the influence incidents, leading to a shift in law enforcement focus and a need for additional training in detection, such as Drug Recognition Expert (DRE) training. These shifts may increase law enforcement costs, particularly in the field of specialized training for detection of impairment by cannabis.
- There may be reduced law enforcement costs associated with drug detection and prosecution for simple possession cases, freeing up funds for other uses.
- Border states where cannabis is illegal, and which border states where some amount of cannabis is legal, have experienced additional incidents related to driving while under the influence, particularly in counties near the border. As New Hampshire is bordered on all sides by legalized states it is likely that some additional enforcement costs are already being borne by municipal police departments.

- Most research funded by National Institute of Justice grants shows that legalization has minimal, if any, effects on violent crime.
- Generally, research in states that have legalized cannabis has shown more patients presenting in the emergency department with physical or psychological symptoms resultant from using marijuana or commercial cannabis products. While no research appears to exist relative to the number of patients arriving via ambulance, it stands to reason that some portion of patients do utilize ambulance services to arrive at emergency departments. Additionally, there may be some number of users who call for emergency medical assistance that are not transported for treatment to the emergency department. Based on the information available, municipalities should expect some increase in costs associated with EMS, if limited legalization increases the incidence of individuals utilizing cannabis.

Regarding revenue, the Municipal Association is not able to provide an estimate of the revenue generated by the bill, but reports Vermont, which recently legalized both cannabis and cannabis products (such as, edibles) estimated between \$40-\$65 million in business profits, whereas Maine saw approximately \$58 million in profit on \$266 million in sales in 2020. It is possible that different approaches to marketing and businesses decisions relative to profit margins may result in state revenues that are significantly higher or lower than those provided above. Currently, 100% of the New Hampshire Retirement System's unfunded accrued liability sits on public employers, with municipalities seeing approximately 70% of their yearly employer contributions going toward the unfunded accrued liability. This bill contains language that provides funds from the cannabis fund to offset the Retirement System's unfunded accrued liability. The bill provides for broad-based aid to municipalities which have at least one store and funds and to public safety agencies, including police, fire, and rescue agencies. The Association indicates it is unclear how much additional revenue municipalities can expected.

This bill impacts penalties that may have an impact on the New Hampshire judicial and correctional systems. There is no method to determine how many fewer charges would be brought as a result of the changes contained in this bill to determine the fiscal impact on expenditures. However, the entities impacted have provided the potential costs associated with these penalties below.

Judicial Branch	FY 2023	FY 2024 through 12/31/23	FY 2024 (Starting 1/1/24 with repeal of Felonies First)

<p>It should be noted that a person needs to be found indigent and have the potential of being incarcerated to be eligible for indigent defense services. Historically, approximately 85% of the indigent defense caseload has been handled by the public defender program, with the remaining cases going to contract attorneys (14%) or assigned counsel (1%). Beginning in March of 2021, the public defender program has had to close intake of new cases due to excessive caseloads. Due to these closures, the contract and assigned counsel program have had to absorb significantly more cases. The system is experiencing significant delays in appointing counsel and the costs of representation have increased due to travel time and multiple appointments.</p>			
Department of Corrections		FY 2023	FY 2024

FY 2022 Average Cost of Supervising an Individual on Parole/Probation		\$688	\$688
<p>The Department notes any increase in the incarcerated population will have a direct impact on overtime costs given the Department's history of challenges associated with recruitment. In addition, the NH State Prison for Men has a degrading infrastructure which will only be exacerbated if an increase in the incarcerated population were to occur.</p>

The Judicial Branch indicates the fiscal impact on the Branch is indeterminable. It is assumed decriminalization of cannabis and hashish would result in a decrease in cannabis-related criminal filings in court. Because prosecutors file criminal charges that may involve cannabis

under a wide variety of criminal statutes, most of which involve a wide range of drugs in addition to cannabis, the Branch is not able to determine on average how many cannabis-only related cases are currently filed in the courts. The bill would also provide for new criminal penalties and civil causes of action for violations under the new statute created by the bill, but the Judicial Branch is unable to determine how many additional cases would result from the bill.

In addition, concerning annulment of certain arrests and convictions for cannabis, the Judicial Branch does not have sufficient information as to the number of cases will be in this status as of the effective date to estimate a fiscal impact of this provision. The bill would result in fewer criminal cases going forward for what is decriminalized under this bill and new criminal cases that would be filed under the penalty provisions in the bill.

Current law provides, (RSA 106-L:10), that every court shall levy a penalty assessment of \$2 or 24 percent, whichever is greater, on each fine or penalty imposed by the court for certain criminal offenses. Penalty assessments collected are divided 66.67 percent to the general fund, 16.67 percent to the Victims' Assistance Fund, and 16.67 percent to the Judicial Branch Information Technology Fund. The Judicial Branch is unable to determine the change in penalty assessments collected if the bill passes.

Many offenses are prosecuted by local and county prosecutors. When the Department of Justice has investigative and prosecutorial responsibility or is involved in an appeal, the Department may be able to absorb the cost within its existing budget. However, if the Department needs to prosecute significantly fewer cases or handle fewer appeals, then costs will decrease by an indeterminable amount.

It is assumed that any fiscal impact would occur after FY 2023.

This bill does not establish or authorize new positions.
