## *Israel and the "Palestinians": Hard info, and a harder question (Part 2 of 2)*

June 04, 2019

NITZAKHON note: After I posted this I saw that a number of the videos weren't working properly as embedded... I reloaded them, and also have provided the links.

Continued from [Part I](#)

(Please remember - links highlighted in yellow earn me a sales commission - your help would be appreciated.)

**Olive Wood Jewelry Box - Large**

**A POISONED SOCIETY**

If the expression "Tell me who your friends are, I know who you are" is a universal Truth about human nature, I would argue there is a close second (note: I think I'm coining this, but please let me know if there are prior examples):

***Who you honor defines who you are.***

So what kind of person do the "Palestinians" honor? Who are their heroes? They honor people who break into homes and stab **teenage girls to death** in their bedrooms (link in original, bolding added, picture from **Jewish Press**):

*"My son is a hero. He made me proud. My son died as a Martyr defending Jerusalem and the Al-Aqsa Mosque. ...Allah willing, all of them will follow this path, all the youth of Palestine. Allah be praised."*

***Those were the words of Mohammed Taraireh's mother to Palestinian media hours after he butchered a 13-year-old Israeli girl, Hallel Yaffe Ariel (pictured). Mohammed was shot and killed by security officials responding to Hallel's screams.***

*He butchered a teenage girl in her bedroom... and his mother is proud of it. Such a wonderful people and admirable culture Not.*

This is not just a one-off or merely private commentary; they name streets after killers of Israeli civilians; ***From Unknown Teenager to Palestinian Role Model – in Just Two Weeks*** (link in original, bolding added):

*Abbas' deputy chairman in Fatah, Mahmoud Al-Aloul, publicly declared him the new role model for young Palestinians, "We are extremely proud. This is Omar Abu Laila, who implemented his choice... through which he represents all of you, represents all young Palestinians." Fatah then posted the video of Al-Aloul on its official Facebook page to give it wide exposure, especially for Palestinian youth.*

**The next day, Fatah announced the decision by the municipality of Brukin to name a street and a square after the murderer. To highlight the importance of honoring the killer, Fatah posted on their Facebook page a photo of the decision and signatures of each of the members of the town**

*council. The council's declaration stated, "In order to glorify the heroism of Martyr Omar Amin Abu Laila, the town council has decided to name the main street leading to Omar Abu Laila Square... Omar Abu Laila Street."*

And squares: ***Palestinians name Jenin square after mass murderer who killed 26 Israelis*** (bolding added):

***The Palestinian Authority last week renamed a public square in the West Bank city of Nablus after arch-terrorist Khaled Nazzal, who planned a multi-day terror spree that killed dozens of people in the northern Israeli town of Ma'a lot in 1974. The attack culminated with the armed takeover of a school and the deaths of 26 people, 22 of them children.***

*The Israeli NGO Palestinian Media Watch reported that Jenin Deputy Mahmoud Abu Mweis told attendees at the dedication ceremony that "our leadership and our people will continue on the path of the martyrs," a not so subtle reference to terrorists.*

From the same link, they also named a community center after a murderer of 38 (bolding added):

***Both the Netherlands and Norway recently broke off support for a Palestinian community center named in honor of Dalal Mughrabi, a Palestinian terrorist who took in a 1978 massacre of 38 Israelis known as the Coastal Road Massacre.***

That was not an attack on soldiers; ***Coastal Road massacre*** (links in original, original bolding removed, new bolding added):

***The Coastal Road massacre of 1978 was an attack involving the hijacking of a bus on Israel's Coastal Highway in which 38 Israeli civilians, including 13 children, were killed, and 71 were wounded.<sup>[1][2]</sup> The attack was planned by Abu Jihad<sup>[3]</sup> and carried out by the PLO faction Fatah. The plan was to seize a luxury hotel in Tel Aviv and take tourists and foreign ambassadors hostage in order to exchange them for Palestinian prisoners held by Israel.<sup>[4]</sup>***

Sporting events get named after killers too, again honoring the Coastal Massacre's leader; ***"Palestinian" PA Ministry of Education names sports event for girls after jihad-terrorist murderer who led killing of 37.***

Let's not forget the financial assistance and rewards given to terrorists, or the families of their "martyrs"; ***PA Documents Detail Payments to Terrorists*** (links in original, money dollar equivalents added in []):

*According to the 2004 regulation, prisoners serving up to five years in Israeli prisons receive 1,300 shekels per month. Wives of married inmates receive another 300 shekels [\$83.04], and an additional 50 [\$13.84] shekels a month is sent for each child in the family. After five years, the payments increase to 2,000 shekels [\$553.60]. Inmates in prison longer than 25 years are paid 4,000 [\$1107.20] shekels.*

*In addition, convicted terrorists who were PA employees continue to draw their salaries and benefit from promotions even though they are behind bars. For example, jurors saw that Majed Al-Masri was promoted from major in the Palestinian Security Forces to colonel in 2010. By then, he had been in prison for five years for his role in an Al Aqsa Martyrs' Brigade terrorist shooting attack in 2002 that killed two women.*

This financial payout to people who attack and kill Jews is such a priority that, faced with a choice between continuing a seven-year-old's cancer treatment in Israel, and paying terrorist salaries... **they choose paying the terrorist salaries** (bolding added):

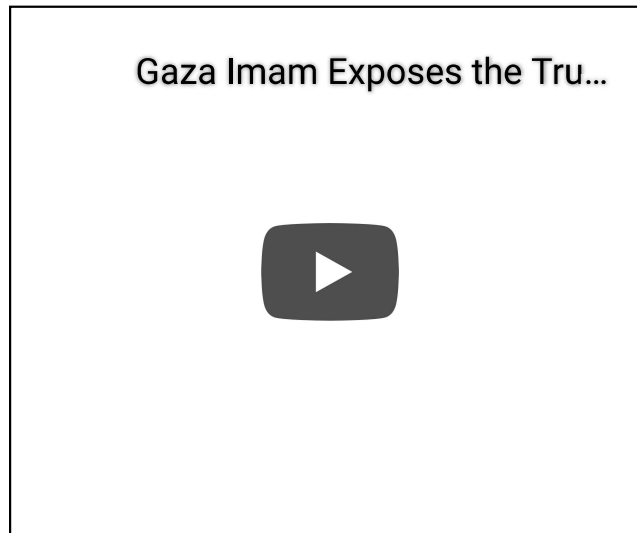

*The PA has decided to stop paying for the successful cancer treatment of a 7-year-old Palestinian child Majed Muhammad Majed Ah-Sha'er in Israeli Ichilov Hospital, in order to keep paying salaries for terrorists.*

...

*The PA's explained that since Israel is refusing to transfer the money the PA spent last year on salaries to terrorists (approximately \$138 million), the PA will no longer permit Palestinians to travel for medical treatment in Israel, for which the PA has to pay. **This decision clearly demonstrated the PA's priorities - the continued payment of the salaries to the Palestinian terrorist prisoners and released prisoners is more important than providing sick Palestinians with the opportunity to receive medical treatment in Israeli hospitals.***

Note that the "Palestinian" leadership needs medical treatment in Israel, the **PA continues to pay for it**. I guess it's the "some animals are more equal than others" standard.

They preach it in the mosques:

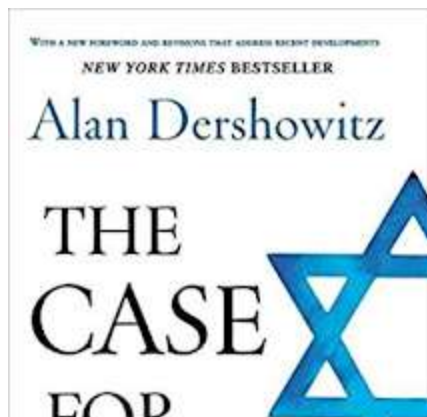

[Gaza Imam Exposes the True Face of Hamas / 0:52]

<https://youtu.be/cPgMEqkxtY4>

And even make music videos glorifying murdering civilians; ***And you can stab to it:*** (video at the link that's embedded in the text, bolding added):

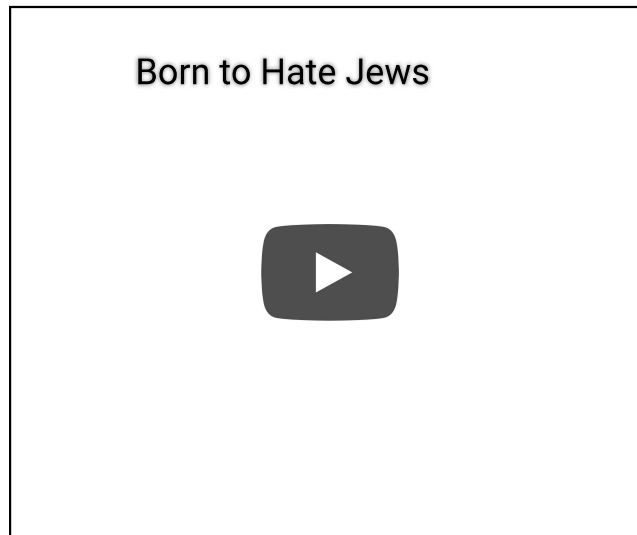

*Itamar Marcus & Jacques Zilberdik monitor Hamas media for Palestinian Media Watch. In a recent column excerpted at JNS they seek to publicize a [Hamas music video](#) depicting the murder of Israeli Jews. **The same day that Hamas official Fathi Hammad promised to “slaughter, exterminate and annihilate” Israel, they note, Hamas TV broadcast a music video on May 15 promising to “blow up” Tel Aviv and showing the staged stabbing of a religious Jew by a masked Palestinian Arab. They quote the lyrics at the link. It’s got a blood-curdling beat and you can stab to it.***

### The Case for Israel

By the way, it was this book that changed a Jew-hating Muslim's mind:

[Born to Hate Jews / 4:44]

## POISONING CHILDREN

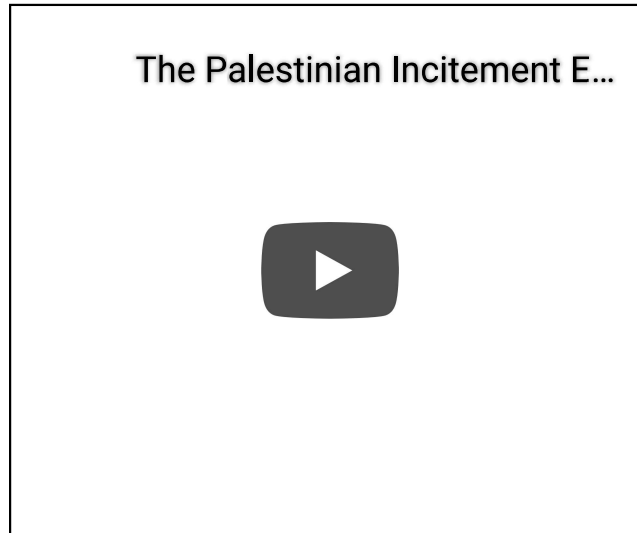

**Official policy** of the so-called moderate Palestinian Authority is to encourage mothers to send their children to their deaths as martyrs (link in original, bolding added):

*The PA has launched **an endless stream of pro-terrorist propaganda** — chiefly through television, social media and newspapers — that praises shahids, and **encourages mother's to send children to their deaths.***

***PA President Mahmoud Abbas himself has been instrumental in Palestinian society's honoring of terrorists and mothers of terrorists, such as Latifa Abu Hmeid — the **mother** of four terrorists who are currently serving life sentences. Abbas invited Hmeid to an event in his office, and the PA governor of Ramallah visited her home. She was nicknamed "Khansa of Palestine," a reference to a woman in the earliest period of Islam who rejoiced when all four of her sons were killed in battle as martyrs for Islam. **For Abbas and the Palestinian Authority, this woman is the quintessential female role model.*****

A state visit to a woman whose sons killed Jewish civilians? Some "moderates". And yes, they sent youths to their deaths indeed, for no nation that values the security of its citizens could permit things like this; take note, at 0:33, a scene of a 13 and 15 year old

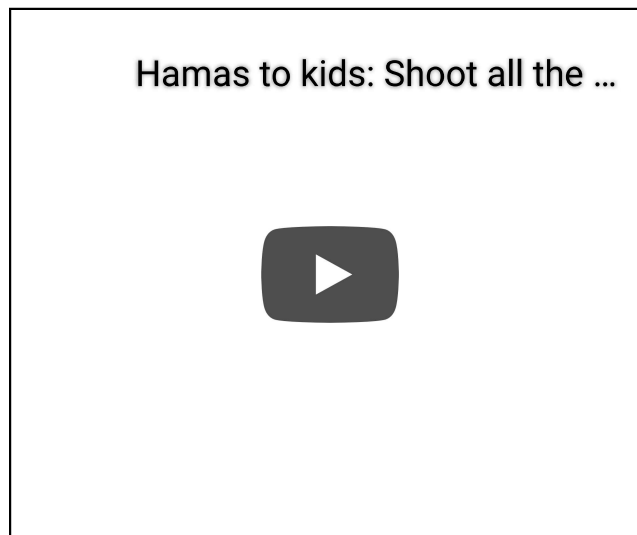

running after someone with knives in their hands:

[The Palestinian Incitement Exposed / 1:26]

[https://youtu.be/axe\\_NcIEfsU](https://youtu.be/axe_NcIEfsU)

Their children's shows discuss killing Jews:

[Hamas to kids: Shoot all the Jews / 1:28]

<https://youtu.be/0ORAM-usqhQ>

Their ambitions for every square inch of "The 1948 lands" are in their **elementary school lessons**.

**SCHOOL LESSONS.**

*Official PA TV program Palestine This Morning, on a three-dimensional model exhibition on the history of the Palestinian cause at Ma'zouz Al-Masri School in Nablus.*

*Note the ripped Israeli flags replaced by Palestinian flags, symbolizing the end of Israel.*

*Teacher Manal Al-Tanbour, presenting the map: "Allah willing, this is our vision, and we hope to liberate Palestine, break the chains, smash the check points, tear down the separation wall like the Berlin Wall was torn down, Allah willing, and may we achieve the liberation of Palestine."*

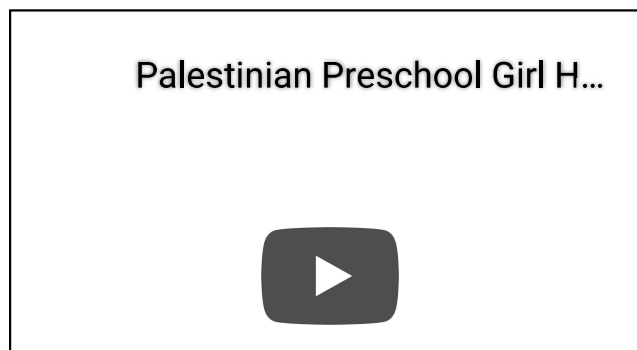

And their kindergarten graduations are just to die for:

[Gaza Kindergarten Graduation Ceremony: Kids Stage Mock Military Attack and Hostage-Taking / 4:48]

<https://youtu.be/dtErUuBvcRc>

From birth they're marinated in one thought: killing Jews; how old is this girl anyway?

[Palestinian Preschool Girl Holds Knife, Says: "I Want to Stab a Jew" / 0:33]

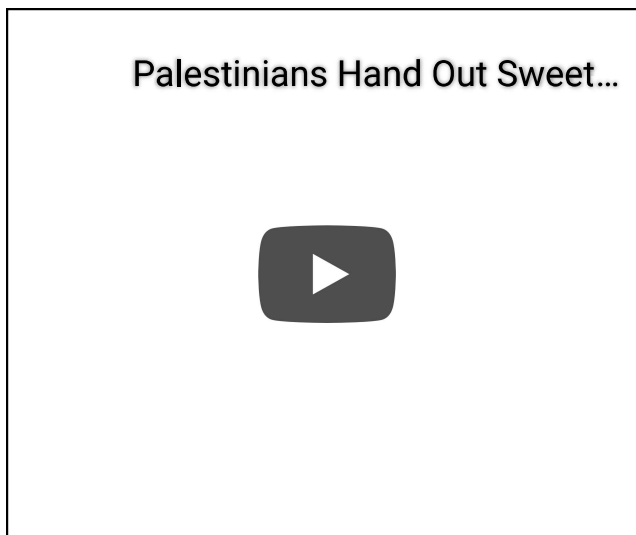

<https://youtu.be/hy-S3hcahZ0>

### **MACABRE CELEBRATIONS**

One can feel the painful regret in this quote by former Prime Minister Golda Meir:

I know quite a few Israeli soldiers, former and active duty. I know quite a few Israelis in general, whether here or still over there. Not one has ever voiced, in any conversation, happiness when a "Palestinian" civilian is killed (let me be clear – *civilian*, not someone killed in the process of trying to kill Israelis). Contrast that with this:

[Palestinians Hand Out Sweets In Gaza After Jerusalem Terror Attack 8/1/17 / 0:39]

<https://youtu.be/Yxw2QallHuw>

They likewise danced in the streets and handed out candy after the Itamar massacre:

They likewise danced in the streets and handed out candy after the Itamar massacre, **Horror in Samaria: Terrorist murders family of 5** (bolding added):

*Paramedic Kabaha Muayua was among the first responders at the site and described the horrific scene he encountered.*

*“We could not help the first four stab victims. Following an inspection of the scene I spotted **an infant of about three who still had a pulse. We engaged in lengthy resuscitation efforts but had to pronounce him dead,**” he said. “The murder scene was shocking. Kids’ toys right next to pools of blood.”*

*Paramedic Gil Moscovitz, who serves as MDA’s director of operations, said teams dispatched to the home discovered **“parents and three children who were brutally murdered.”***

*“The parents were lying next to each other in their room...**we found three bodies in the master bedroom; the two parents and a baby,**” he said.*

(Image [source](#))

Understand something: this was *not* a civilian family killed by a munition gone awry, something that tragically does happen in war – this was a *deliberate invasion* of a civilian home and the intentional, up-close-and-personal-by-hand killing of children. This is beyond horrific. As I recall, when the perps were caught they admitted they missed the baby in the crib and, hearing it’s cries, *went back into the house to get the infant too.*

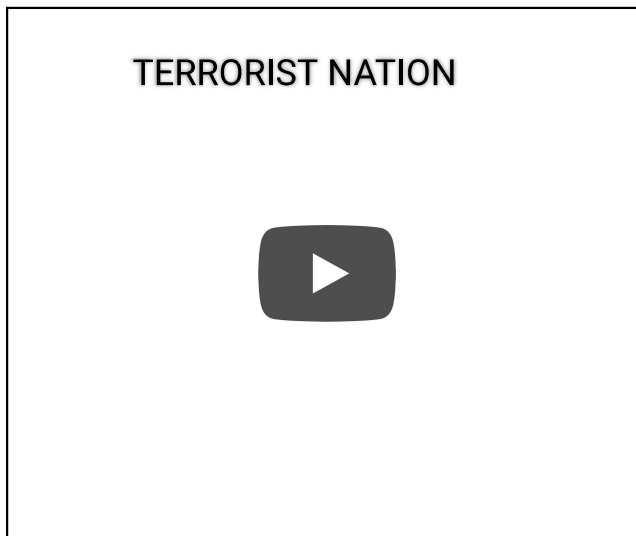

Disgusting. Vile. Inhuman.

The murders? *Celebrated.* The murderers? *Feted.* This murder and the resulting festivities and celebrations were the death knell for any shred of sympathy I had for them.

(Image [source](#))

From its birth and still now, "Palestine" is synonymous with terrorists:

[TERRORIST NATION / 7:27]

<https://youtu.be/3qFjV9kQ5yQ>

### **THEIR ULTIMATE WISH**

In the movie Independence Day, President Whitmore (played by Bill Pullman) attempts

to talk with one of the attacking aliens whom we humans had captured. Having already suffered enormous devastation and loss of life globally, Whitmore still hopes that dialog can bring peace and asks that alien "What is it you want us to do?"

"Die!" said the alien.

It was then that the President realized this was an existential struggle from which only one side would emerge alive.

[Independence Day "Peace, no peace" scene / 2:18]

<https://youtu.be/dZc1V67XzNw>

I was reminded of that scene when I read about a Palestinian woman in an Israeli hospital. Local doctors were unable to treat her son, so her son was in an Israeli hospital having cardiac surgery to save his life. So, here are Jews in the act of *working to save her son's life*... and what does she say as she's **interviewed by Israeli TV** (bolding added):

*The Israeli government opened its doors to treat her son (free of charge, no doubt) with a heart condition. Instead of being eternally grateful, **she advocates for her son to become a jihadist or suicide bomber against Israel when he gets out of the hospital.***

[The truth - The voice of an ungrateful terrorist mother / 2:50]

<https://youtu.be/CIYwDzrTaEs>

That's right. She hopes her son survives to grow up to be a Shahid, a martyr, who dies killing Jews. The very people working to save her son's life.

From the river to the sea... Fakestine will never be (T-shirts)

### THE GRIPPING HAND

In the science fiction novel **The Mote in God's Eye** (which, BTW, is one of the best scifi novels I've ever read!), humans meet an alien race, the Moties, who are asymmetric beings. Two dexterous arms on the right, and a large and very strong, singular muscular arm, the

“gripping hand”, on the left. In the sequel, **The Gripping Hand**, a phrase has arisen in human society after exposure to the Moties: there’s one hand, there’s the other hand, and there’s the gripping hand, the fact that dominates everything else.

*On the one hand, on the other hand, and on the gripping hand...*

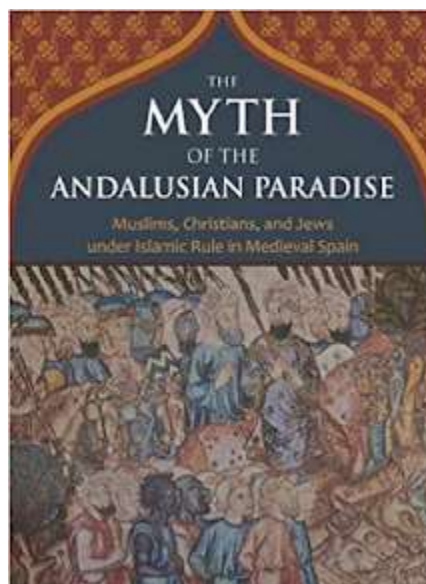

Islam is the gripping hand in this situation. As I said in the lead-in in Part I, Jew-hatred is hard-coded into the Koran; e.g., **Algerian Journalist In Antisemitic Article: 'Our Dispute With The Jews Is A Religious One'** (bolding added):

*Today, many among us believe that our conflict with the Jews is only because they occupied Palestine, but **the truth is that our conflict with them is a religious one, because they hated our Prophet and plotted against our religion and faith, and continue to do so.***

In other words, it has nothing to do with Israel... and everything to do with the fact that Jews spurned Mohammed. *1400 years ago*. Read the whole thing. It’s one big screed of Jew-hating conspiracy theory. Another article with citations: **Islamic Jew Hatred**.

Don't forget that Islam is also the **greatest murder machine in history**, and one of its doctrines is the principle of reconquest. The Koran (2:191) states “turn them out from where they have turned you out”, among whose many interpretations is that any land once controlled by Islam must – *must!* – be retaken. The land of the nation of Israel was once controlled by Islam. Thus, 2+2=4, so per Koranic doctrine until Israel is wiped out and Jews annihilated or enslaved, and the land restored to Islamic rule, there will be no peace.

And while life for Jews under Islamic rule was, on average, better than life under Christian rule, it is a mistake to call it a Golden Age for the Jews:

Dario Fernández-Morera

## The Myth of the Andalusian Paradise: Muslims, Christians, and Jews under Islamic Rule in Medieval Spain

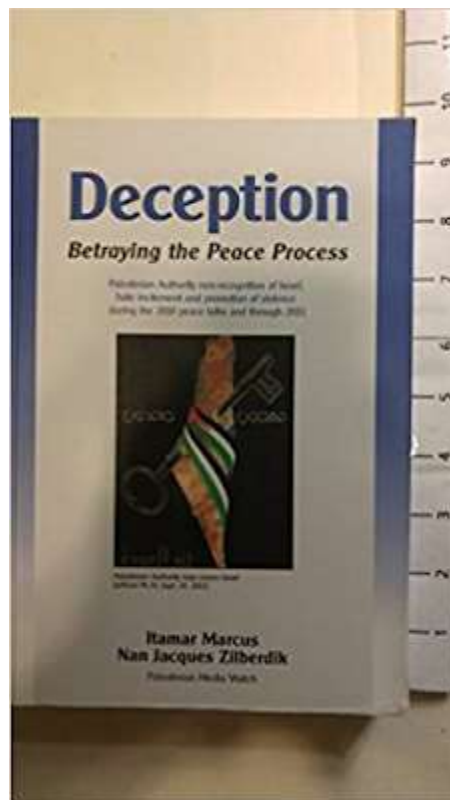

It is easy to imagine that, after 70+ years of Israel's existence, a return to Islamic rule would be neither peaceful nor beneficial to Israel's Jews as *REVENGE* would be on the mind of the Arabs should they return to power.

### THE HARD QUESTION

**Elie Wiesel**, the famous and outspoken Holocaust Survivor, said something profound - specifically a lesson from the Shoah (Holocaust), but it applies here too:

***When someone says they want to kill you, believe them.***

By word and deed the "Palestinians" say one thing, and one thing only - at least, they say it in Arabic. In English they say something else.

### Deception: Betraying the Peace Process

So what do they say? They say "We want dead Jews, we want a destroyed Israel".

So tell me, please...

***Against a people bent on your total destruction - just what is there for Israel to negotiate?***

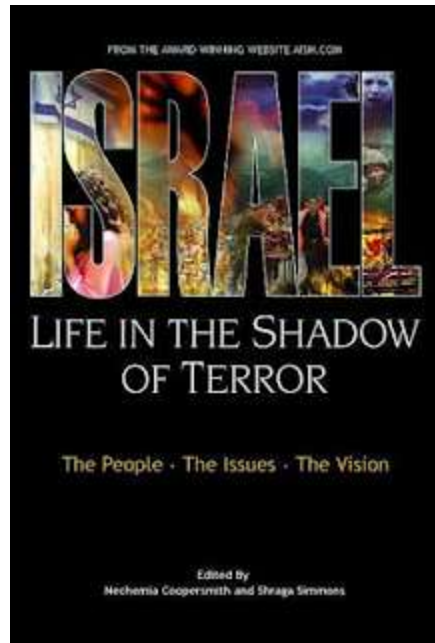

---

Please consider a charitable gift to help Israeli soldiers:

***Connections Israel***

---

***I do not coexist with cancer. I do not find common ground with gangrene. The Left, the globalists, and Islam must all be destroyed... or America, Israel, and Western Civilization itself will die.***

Your points are meritorious but they only matter in the eyes of those who believe that things can be settled in terms of iustice and righteousness and law.

It's all he said/she said and if the protagonists are battling it out in the court of world opinion then it matters. In reality, it does not.

The Palestinians have no identity other than being a bunch of Arabs who want to own the land that Israel sits upon. That's it. That is all there is to it. Thus, there can never be any sort of peace deal because a peace deal, regardless of the terms, means that the Palestinians cease to exist. They know that, of course.

So this will just go on and on and on until one side wins and wins decisively, by which I mean one side destroys the other. There are two ways this could come about:

1. The Israelis finally decide to visit gotterdammerung upon the Palestinians which means killing huge numbers of them and driving the survivors out to somewhere else. Of course, politically, and in the world as it is currently configured, the Israelis cannot do that. But in the world as it may unfold over the next 10-20 years all manner of unthinkable things may be thought and then acted upon. This is just one of them.

2. Israel collapses as a project. In which case, it is the Israelis who are killed and driven out. This will not be achieved by the Arabs but it is conceivable that it could be brought about by the Jews. When I say Jews, I mean the "tikkun olum" tendency (the specter of Spectres) who have been hard at work burrowing away at the foundations of the USA. Yes, those Jews. Like termites they could gnaw away at the foundations of Israel until the whole house just crashes down. And then hell will follow and the Palestinians will win.

In the meantime, the arguments, points, facts, reasons and rights will just be batted back-and-forth interminably without any measurable progress towards anything resembling a solution. This is a true existential struggle and it only ends with steel and blood. Whose steel? Whose blood? We'll see.

**NITZAKHON** *June 6, 2019 at 12:12 PM*

Thank you for the excellent comment.

I look at the situation, and your comments, and plan on writing a follow-up... but in summary, I will channel Robert Heinlein and his quote from the scifi book Starship Troopers:

"Violence, naked force, has settled more issues in history than has any other factor."
