Re: Complaint. Jonathan Morgan, RSA 655:7

Mr. Secretary,

Jon(athan) Morgan, Democrat Candidate for Senate District 23, stated at an October 29, 2018 campaign event in Brentwood, NH that he has lived in Brentwood, NH for "about 6 and one half years (42:38 in the attached video)", not the 7 years as clearly required by RSA 655:7. At 1:24:09, he was questioned as to whether he voted in the 2012 presidential election, Candidate Morgan called it a "gotcha question" and stated he "does not remember" whether he voted; a follow-up question asked whether he was "qualified" to run as a candidate for NH Senate, Candidate Morgan did not answer, instead he simply "thanked" the man for his question.

Not unlike the case of Republican state Senate candidate Don Winterton in 2016, Mr. Morgan stated he cannot remember whether he voted in New Hampshire in 2012. His candidate webpage states that following graduation from college, he took a job in Washington, DC; spent two years in Africa; and "Upon our return, I completed a MBA" at the University of North Carolina which his LinkedIn account notes took place between 2013-2015.

A request has been to sources in the Commonwealth of Virginia to determine whether he voted in that state. That information is quickly forthcoming. However, in order to eliminate the necessity of having a special election should an unqualified candidate be elected, based on Candidate Morgan's public admissions, I believe the Ballot Law commission needs to be immediately convened to establish the validity of Candidate Morgan's qualification to run for NH State Senate District.

Respectfully,

Susan Olsen
